

Koç University Seminar Series
in Recognition of The International Year of Light
& The Centenary of General Relativity

MARCH 11 Assoc. Prof. Selçuk Aktürk İstanbul Technical University
"Part I: 2015 International Year of Light and Light Based Technologies
Part II: Optofluidic Platforms Formed by Femtosecond Laser Patterning"

MARCH 18 Prof. Alphan Sennaroğlu Koç University
"Emerging Schemes of Femtosecond Pulse Generation from
Tunable Solid-State Lasers"

APRIL 15 Prof. Tekin Dereli Koç University
"Dark Side of The Universe and Its Future History"

APRIL 29 Prof. Ataç Imamoğlu ETH Zurich
"Spin-photon Quantum Interface"

MAY 20 Assoc. Prof. Ömer İlday Bilkent University
"55 Years on: Towards a Dominion of Coherent Light over Matter"

College of Sciences SCI 103 17. 30
